

## Keeping our children safe

## Child Accident Prevention

The Child Accident Prevention team invite you to attend a fun filled, interactive day where you will have the opportunity to update your safety knowledge and ensure you have current and accurate advice to pass on to anyone involved in caring for children as well as to the children themselves.

You will have the opportunity to meet local experts in the field of safety and to experience a number of scenarios designed to make you think about safety and accident prevention.

- \*Use a defibrillator
- \*Go through a smoke filled corridor
- \*Understand beach flags
- \*Correctly fit a car seat
- \* And much more
